

# ROSADO

## GRAPE VARIETIES

TEMPRANILLO: 100%

## INFORMATION

**Winemaking:** The grapes come from the colder parts of the Rosedal and Dehesa estates. We do the harvest at night and, afterwards at the winery, we make a short maceration that allows us to obtain its precious aromas. The fermentation takes place at a very low temperature to maintain its freshness.

**Tasting notes:** Very pale, pink-salmon colour, crystalline and with bright hints that make us fall in love at first sight. The nose is an explosion of fruity aromas, highlighting the cherry, strawberry and raspberry flavours. An intense and floral finish. In the mouth is smooth and balanced. Its taste will not leave you indifferent.

**Pairing:** It pairs very well with rice, fish, seafood and salads. Perfect with a good ceviche or any spicy dish. In addition, it is a wine with a very fresh style, that makes it suitable for any time of the day.
